DIRECTORS' REPORT

The directors submit their report together with the audited financial statements for the nine month financial period ended 31st December 2016.

STRUCTURE, GOVERNANCE & MANAGEMENT

The company is a charity and hence the report and results are presented in a form, which complies both with the requirements of the Companies Act 2014 and also the Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) (effective 1st January 2015) – (Charities SORP (FRS102)).

Legal Status

The Children's Cultural Centre Limited (The Ark) is a company registered in Dublin, Ireland (Registration Number 222774), and is a company limited by guarantee not having a share capital. The objects of the company are charitable in nature and it has established charitable status.

Companies Act 2014

On the 21st November 2016 the company changed its name to The Ark Children's Cultural Centre Company Limited by Guarantee (previously The Children's Cultural Centre Ltd.) and also adopted a new constitution.

Appointment of Directors

The board of directors of The Ark Children's Cultural Centre CLG elect a chairperson for their meetings following each annual general meeting. In accordance with the Articles of Association of the company, every year one third of the board of directors shall retire from office. The directors to retire in every year shall be those who have been longest in office since their last election, but as between persons who became directors on the same date, those to retire shall (unless they otherwise agree amongst themselves) be determined by lot. A retiring director shall be eligible for re-election for a further term or terms of office which, when aggregated with the terms already served, shall not exceed nine years.

Company Secretary

Avril Ryan is the company secretary.

Principal Risks and Uncertainties

The main financial risks to The Ark emanate from any potential reduction in funding from The Arts Council and the Department of Education and Skills, our two primary supporters. The Ark employed a Development and Events Manager in late 2015 who will work alongside the Executive and Board to develop and open up new funding opportunities. However, a new fundraising campaign will take some time to yield results and the company will align activities taking this into consideration in 2017.

On receipt, donated professional services and donated facilities are recognised on the basis of the value of the gift to the charity which is the amount the charity would have been willing to pay to obtain services or facilities of equivalent economic benefit on the open market; a corresponding amount is then recognised in expenditure in the period of receipt.

1.4 Fund accounting

Unrestricted funds are available to spend on activities that further any of the purposes of the charity. Designated funds are unrestricted funds of the charity which the trustees have decided at their discretion to set aside to use for a specific purpose. Restricted funds are donations which the donor has specified are to be solely used for particular areas of the company's work or for specific projects being undertaken by the company.

1.5 Expenditure

Expenditure is recognised once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably. Expenditure is classified under the following activity headings:

- Costs of raising funds comprise the costs of publicity and marketing and their associated support costs.
- Expenditure on charitable activities includes the costs of the programme costs and their associated support costs.

NOTES ON THE FINANCIAL STATEMENTS FOR THE NINE MONTH FINANCIAL PERIOD ENDED 31ST DECEMBER 2016

Other expenditure represents those items not falling into any other heading.

1.6 Allocation of support costs

Support costs are those functions that assist the work of the charity but do not directly undertake charitable activities. Support costs are analysed between cost of raising funds and expenditure on charitable activities. Where costs cannot be directly attributed, they are allocated in proportion to the benefits received. Salaries and associated costs which can be attributed to specific projects are charged accordingly.

1.7 Tangible Fixed Assets and Depreciation

Tangible fixed assets are stated at cost, less accumulated depreciation. Depreciation is calculated to write off the cost of fixed assets over their useful lives at the following annual rates:

Communications Systems	10% per annum on a straight line basis
Office Equipment	20% per annum on a straight line basis
Computer Equipment	20% per annum on a straight line basis
Fixtures & Fittings	10% per annum on a straight line basis

The carrying values of tangible fixed assets are reviewed annually for impairment in periods if events or changes in circumstances indicate the carrying amount may not be recoverable.

1 & Stock

Stock comprises consumable items and goods held for resale. Stocks are included at the lower of cost and net realisable value. Cost is calculated on a first in, first out basis and includes invoice price, import duties and transportation costs. Cost comprises expenditure incurred in the normal course of business in bringing stocks to their present location and condition. Net realisable value comprises actual selling price, less all future costs to completion or to be incurred in marketing, selling and distribution.

1.9 Debtors

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

1.10 Cash at Bank and in Hand

Cash at bank and cash in hand includes cash with a short maturity of three months or less from the date of acquisition or opening of the deposit of similar account.

1.11 Creditors and Provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

1.12 Pensions

Retirement benefits are met by payments to a defined contribution pension fund. Contributions payable to the pension scheme are charged to the statement of financial activities as they fall due. The assets are held separately from those of the company in an independently administered fund. Differences between the amount charged in the statement of financial activity and payments made to the pension fund are treated as assets or liabilities.

1.13 Critical Accounting Judgements and Estimates

The preparation of these financial statements requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses.

Judgements and estimates are continually evaluated and are based on historical experiences and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

NOTES ON THE FINANCIAL STATEMENTS FOR THE NINE MONTH FINANCIAL PERIOD ENDED 31ST DECEMBER 2016

The company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

(a) Establishing useful economic lives for depreciation purposes of property, plant and equipment Long lived assets, consisting primarily of, fixtures, fittings and equipment, comprise a significant portion of total assets. The annual depreciation charge depends primarily on the estimated useful economic lives of each type of asset and estimates of residual value. The directors regularly review these asset useful economic lives and change them as necessary to reflect current thinking on remaining lives in light of prospective economic utilisation and physical condition of the assets concerned. Changes in asset useful lives can have a significant impact on depreciation and amortisation charges for the period. Detail of the useful economic lives is included in the accounting policies.
